HR

## ● **Start-ups**

Staffing is a major concern for many startups. We provide recruiting services and support through the hiring process. In addition, we provide Health and Safety training and policy writing to ensure your franchise is able to open and operate without issue.

## ● **Franchises**

The best time to start protecting your business is **before** you hire your first employee. We work with you to create a road map customized to your business.

From HR budget planning to policies and handbooks we can ensure your business is protected.

## ● **Mid-sized & Corporations**

From start-up to corporations, we support you as your business while it grows. We can step in and support your internal hr team to increase capacity. We offer a broad range of project services such as technology implementation, investigations, mediations, mergers, and more!
